AxleTech International is a General Dynamics company. They believe strongly in actively applying principals of ecological safety and stewardship in how they do business. The business has put different programs in place so as to articulate these values in their business policy. AxleTech happily shares this policy and welcomes interested parties to provide them with whichever questions or comments, as they are glad to promote and share this policy with a greater knowledge of their efforts. They are really dedicated to improving and preserving the natural environment. AxleTech has an EHS program that not just protects the natural environment but which also actively protects their neighbors and employees as well.

AxleTech prides themselves as being a ground-breaking drive-train solutions provider. They specialize in designing and manufacturing planetary axles used for both commercial and military applications. These applications range from construction equipment to airport ground support. AxleTech particularly designs axles to meet certain application demands. They have more than 1000 various axle specs within their existing offering. With more than one hundred years of history and experience, AxleTech proudly supplies the most complete solution for whichever of your axle requirements. The business is well known in many military and commercial applications. They provide complete axle assemblies used for aftermarket replacement needs, along with servicing axle needs for OE production. Their high mobility ISAS have added details which can be seen in the "ISAS" product collection.
