

Advance-Nilfisk Part

Advance-Nilfisk Parts - Imagine how tedious it would really be to tidy up your home after having a large party, with no assistance from cleaning machines. Back in the day, the time upholstery and carpets had the dust beat out of them manually; brushes, brooms and cleaning cloths were the state-of-the-art cleaning materials back then.

P.A. Fisker, the founder of Nilfisk-Advance, was actually an electrical engineer who loved working with electrical motors. Founding the company in 1906, he began to produce motors to be able to drive fans, machine tools, coffee grinders and drills. Mr. Fisker's dream from the start was to own a worldwide business selling merchandise worldwide.

The Nilfisk C1 was a tremendous breakthrough for the cleaning business. This ground breaking vacuum cleaner, invented by Mr. Fisker, weighed just 17.5 kilos and could be operated by a single person. This invention came in a time where numerous cleaning equipment were very big and required at least 4 operators, thus, the Nilfisk C1 changed everything and developed the way we clean forever. The brain behind these very first cleaning equipment remains unparalleled. Cleaning equipment provide a brilliant solution to an ongoing dilemma; things get dirty and have to be cleaned on a regular basis, without a lot of effort.

Slowly but steadily, Nilfisk-Advance grew through the decades. During the nineteen eighties, this expansion truly took place when the business became a part of the NKT Group. Their new owners' drive and motivation made Nilfisk-Advance take a huge leap ahead within the business, aiming to be one of the largest universal players in the market of professional cleaning equipment. Nilfisk-Advance is now found in all parts of the world by steadily obtaining many smaller businesses so as to grow their product portfolio and presence in new markets. They are really proud to present different cleaning solutions to suit every requirement.
