

TCM Forklift Part

TCM Forklift Parts - Forklift trucks are an important player in the material handling field of every global trade. Transporting industrial goods takes place each day on our hectic planet. First innovated as industrial vehicles during the 1930s in the U.S., forklifts gained recognition following WWII in the 1940s. Becoming an efficient and reliable means to material handling solutions, the practicality and need of these machines spread globally.

In 1949, established by Mr. N. Niwa, the first Toyo Carrier Manufacturing Company Limited, which was later named Toyo Umpanki Co, was established. Now the company is simply referred to as TCM Corporation. Over the years, TCM lift trucks have become an international leader in lift truck manufacturing and have built a solid reputation in the industry. TCM began constructing lift truck manufacturing sites outside of Japan during the 1980s and is now engaged in lift truck manufacturer at three foreign factories in the United States, Europe and China.

TCM proudly manufactures various models of industrial forklifts with over 50 years of accumulated expertise and technology, making their products used and recognized all over the globe. Characterized by strong initiatives and energetic staff, TCM continues to look toward the future and aspires to become a world-class leading business.
